

# Product Change Notification

PCN-Number / Rev / Date 44891 / 1 / 25.02.2022  
Category / change type ACEL active components / CANCEL Cancellation PCN / MINOR  
Summary change of hardware version  
Motivation, trigger ESX.4cs-gw new hardware version  
Details of change The HW version of the ESX.4cs-gw control unit will be change.

With the future HW version the E1 certification of the control unit will be achieved.

In case of standardization, the Can bit rate will be reduced to 125Mbit/s at delivery.

This change must be taken into account during production at the customer's site.

Otherwise, the changeover has no restrictive effects on the functionality of the control units.

The modules can be operated with the current software versions without any problems.

In future, a distinction will be made between safety and non-safety variants.

If a safety application is to be configured with the control unit, the number marked 'new safety' must be used.

Effective date 01.04.2022

Product marking The following part numbers are changed.

Varinat	old	new	new safety
Variant 1	92678	100141	102176
Debug	100309	100551	
Variant 2	92682	100142	103149
Variant 3	92684	100143	102177
Debug	100298	100550	
Variant 4	92680	100001	102178
Debug	92681	100190	
Variant 5	93643	--	100191
Debug	94767	100192
