

Product Change Notification

PCN-Number / Rev / Date	45424 / 2 / 12.12.2023
Category / change type	ACEL active components / CHARA Characteristics / MINOR
Summary	Transition from MLC to TLC Flash Technology in TCG-4 and TCG-4lite Series: Enhancing User Partition
Motivation, trigger	Transition from MLC to TLC Flash
Details of change	STW is transitioning the flash technology in the TCG-4 and TCG-4lite series from MLC to TLC. This change is necessary to ensure future-proofing of the product.
Alert impact	As a result of this change, the following modifications will be made to the product: The TCG-4 variants with 8GB will be expanded to 16GB. Instead of 4GB, 9GB will now be reserved for the system. New part numbers will be associated with this change. Please refer to the attachment for these new part numbers.
Effective date	29.02.2024
First product shipment	31.01.2024
Company	STW TECHNIC, LP
Feedback expected until	29.12.2023

Comments or objections are expected before, otherwise this PCN/PDN will become effective without further notification.

If you need further assistance, you may also contact your local sales representative or our sales department. STW shall not be held liable if this notification is not correctly distributed within your organization.
